

Perfmaster Sprint

Perf/Scoring

Easy and accurate high-speed perforating and scoring for low to medium volumes.

The PerfMaster Sprint is a simple-to-use top friction feed perforating and scoring solution that gets the job done quickly – with speeds of up to 12,000 sheets (8-1/2" x 11") per hour.

You can easily set up for a wide range of paper stocks, and switch from perforating to scoring in seconds. You have 5 different interchangeable perf wheel options, including 2 microperf options. Top friction feed allows you to produce thousands of sheets per hour.

- Low to medium-volume perforating and scoring
- Feeds single sheets, coated stock and multi-part open or glued edges.
- Easily change from perforating to scoring in just seconds
- Removable receiving tray and side rails make for easy mobility and tabletop use.
